

Our Services

Services

ChemADVISOR's expert staff prepares Hazard Communication Documents:

- For your entire product inventory and/or intermediates
- In compliance with North American, European, and Asian regulatory standards for:
 - Environmental Protection
 - Health & Safety
 - Transportation
- Formatted in accordance with ANSI, ISO, GHS standards or any company or industry specific formats
- For use anywhere in the world, including but not limited to the European Union, Canada, Mexico, China, Japan, and South America
- Translated into Spanish, French, German, Dutch, Chinese, Japanese, and many other languages

Support

ChemADVISOR can support your EH&S efforts by:

- Establishing an ongoing "review and update" of your existing (M)SDSs
- Create new (M)SDSs
- Conducting hazard evaluations
- Determining Your EHS Regulatory Requirements
 - Provide us your inventory and current markets and ChemADVISOR can:
 - Perform a gap analysis to determine current regulatory compliance
 - Provide guidance for future markets and uses for your products
 - Alert you to future regulatory developments

Quick Turn-Around Time

To best serve the increasing pace of the chemical industry ChemADVISOR can:

- Produce company and product specific (M)SDSs or other HazCom documents with minimal setup
- Provide the first draft of your (M)SDS within 2-3 days
- Offer same day rush service for emergencies
- Save money and time versus expensive software alternatives

Reduce Costs

ChemADVISOR will save you money by:

- Providing a single source for compliance consulting
- Reducing training costs
- Decreasing the potential for fines
- Freeing staff resources
- Minimizing IT and software support costs
- Lowering subscription costs

ChemADVISOR can provide a specific analysis of your department's cost savings (worksheet provided upon request)

Expert Staff

Our technical staff consists of highly trained scientists, with strong backgrounds in toxicology, biological sciences, environmental and safety sciences, and chemistry. The majority of our staff have earned advanced degrees and all of our (M)SDS authors are trained in the applicable regulations and standards pertaining to (M)SDS preparation.
